

2023-2024 AJV Work Program

Average Work Credit Amount

\$50 - \$1,000*

*Award amounts are not guaranteed and are subject to the funds available and the number of work program participants.

Description: The AJV Work Program was created to give all volleyball players the opportunity to play, regardless of their ability to pay. You are working at \$20/HR to help with Austin Juniors and Austin Sports Center activities and events. Players, family members, and friends of the player will be working to earn account credit to assist with paying club dues. All work credit earned will be applied to the last invoice on the player's account first and will continue to be applied to the farthest outstanding balance until such time as the work credits earned are applied to the current outstanding balance. Parents are still responsible for making monthly payments on their player's LeagueApps account.

NOTE: Players, family members, and friends of players must be at least 15yrs or older to work. Players must begin the application process after they have accepted a position on a team. Additionally, Players will need to submit their AJV Scholarship Program forms that include an application and agreement.

If the player, family members, or friends of the player fail to provide 24-hour notice of an absence to Austin Junior Volleyball or Austin Sports Center prior to working their shift, they will immediately be removed from the program and will consequently forfeit participation in any future work program opportunities.

APPLICATION DEADLINE:

Complete and submit an online application no later than January 31, 2024.
